

Dr Sonny Palmer

BA BSc MBBS DMedSci FRACP FCSANZ

Cardiologist (Coronary and Structural Heart Intervention)

We are delighted to introduce Dr Sonny Palmer at St Vincent's Private Hospital Fitzroy.

Sonny is a Consultant Cardiologist at St Vincent's Hospital Melbourne and St Vincent's Private Hospital Melbourne. He also provides a Cardiology outreach service in the Gippsland region (Sale).

Sonny's clinical interests include cardiovascular risk factor management, coronary artery and valvular heart disease.

Sonny's main consulting rooms are located near to St Vincent's Private Hospital Fitzroy. He also consults in Sale.

Subspecialty interests include:

- Cardiovascular risk factor management
- Coronary artery and Ischaemic heart disease
- Valvular heart disease
- CT coronary angiography
- Coronary angiography
- Percutaneous coronary intervention
- Structural Heart Cardiology – including balloon aortic valvuloplasty and transcatheter aortic valve implantation (TAVI)

Sonny is the clinical coordinator of the St Vincent's Hospital Structural Heart Program and a Senior Clinical Fellow at the University of Melbourne. He is actively involved in clinical research and supervision of junior doctors and FRACP physician trainees at St Vincent's Hospital.
