

Prof Yves Heloury

FRACS, Professor of Paediatric Surgery

Paediatric surgeon

We are delighted to introduce Prof Yves Heloury at St Vincent's Private Hospital East Melbourne.

Yves is mainly involved in the management of urinary (bladder exstrophy, neurogenic bladder, posterior urethral valve etc.) and genital malformations (hypospadias, undescended testis). He is the leader in uro-genital tumour surgery (Wilms, neuroblastomas).

He is Fellow of the Royal Australasian College of Surgeons and member of the Board of the Asian Pacific Association of Paediatric Urology. He is Editor of the Journal of Paediatric Urology. He is the Medical Director of the Paediatric Integrated Cancer Services (PICS - Victoria).

He is a co-author of more than one hundred and forty referenced papers with a special interest in key-hole surgery and oncology.

Subspecialty interests include:

- Malformations of the kidneys and bladder
- Urinary tract infections
- Incontinence
- Abnormalities of the penis (phimosis, hypospadias, infection)
- Undescended testis
