

Mr Jamie Kearsley

MBBS FRACS(Urol)

Urological surgeon

We are delighted to introduce Mr Jamie Kearsley at St Vincent's Private Hospital Werribee.

Jamie consults at St Vincent's Private Hospital Werribee alongside rooms in Richmond.

Following his resident training at St Vincent's Hospital Jamie undertook two years of general surgical training before completing his urology training at Geelong, Royal Melbourne and St Vincent's Hospital.

After completing a fellowship at Brisbane's Princess Alexandra Hospital, specialising in laparoscopic ablative and donor nephrectomy, Jamie returned to Melbourne in 2004 and commenced private practice.

Subspecialty interests include:

- Open, laparoscopic and robotic assisted surgery for benign and malignant upper tract conditions
- Minimally invasive surgery for stone disease
- Bladder outlet obstruction
- Bladder cancer
- Abnormal placentation

Jamie has professional associations with the Australian Medical Association (AMA), Royal Australasian College of Surgeons (RACS) and the Urological Society of Australia and New Zealand (USANZ)

Public Hospital Appointments:

- The Royal Melbourne Hospital
- Werribee Mercy Hospital
- The Royal Children's Hospital
