

Dr. Lance Liu

MBBS FRANZCO

Ophthalmologist

We are delighted to introduce Dr. Lance Liu: Ophthalmologist at St Vincent's Private Hospital Kew.

Lance offers treatment in both public and private hospitals. He has an interest in clinical research that includes glaucoma (angle closure and pigment dispersion), gonioscopy, anterior segment imaging, cataract surgery and glaucoma practice patterns.

Lance's main consulting rooms are located in Preston, near to St Vincent's Private Hospital Kew. He also consults in Glenroy.

Subspecialty interests include:

- Cataract
- Glaucoma (including MIGS surgery)
- Diabetes
- Macular degeneration
- Minor lid procedures

Lance is involved in the Royal Victorian Eye and Ear Hospital registrar teaching programme and provides commentary for the Research Review newsletter. He is also involved with the Sight for All Foundation and the Australia Health Humanitarian Aid organisation, which provides teaching and aid for cataract and glaucoma in Laos, Cambodia and Vietnam.
