

Dr Tom Edwards

BMedSci, MBBS, PhD (Cantab), FRANZCO

Vitreoretinal Surgeon

We are delighted to introduce Dr Tom Edwards at St Vincent's Private Hospital Kew.

Tom offers treatment in a variety of clinics and consults at St Vincent's Private Hospital Kew.

In 2014 Tom was awarded a Nuffield Fellowship to undertake further specialist vitreoretinal surgical training and research under Prof Robert MacLaren at the University of Oxford and the John Radcliffe Hospital. Tom has undertaken specialist training in the Vitreoretinal Unit at the Royal Victorian Eye & Ear Hospital (RVEEH) and is an honorary research fellow at the University of Melbourne affiliated Centre for Eye Research Australia, based at the RVEEH.

His areas of clinical expertise are diseases of the retina and vitreous, which include management of retinal detachment, macular hole, epiretinal membrane, diabetic retinopathy, age-related macular degeneration and inherited retinal degenerations.

Subspecialty interests include:

- Vitreoretinal Surgery
- Genetic Eye Disease

Tom is involved in a number of ongoing research projects including retinal gene therapy, robotic retinal surgery and electronic retinal implants.
