

## Dr Zina Valaydon

*MBBS, BMedSci, FRACP*

### Gastroenterology

Dr Zina Valaydon works at St Vincent's Private Hospital Fitzroy.

Zina is a consultant gastroenterologist and hepatologist. She is the Head of Liver services at the Western Hospital and consults privately at Central Melbourne Gastroenterology.

She graduated from The University of Melbourne with a double degree in Medicine and Surgery and Biomedical Science. She completed her physician training at the Royal Melbourne Hospital and undertook specialist training in Gastroenterology/ Hepatology at St. Vincent's and the Austin Hospitals.

Dr Valaydon was admitted to the Royal College of Physicians in 2015. She is currently completing a PhD at the University of Melbourne in collaboration with the Walter and Eliza Hall Institute, conducting research in hepatitis B.

Zina maintains a broad range of interests in all areas of gastroenterology and hepatology, including gastroscopy and colonoscopy, inflammatory bowel diseases (Crohn's disease and ulcerative colitis), coeliac disease, reflux disease, functional bowel disorders (including irritable bowel syndrome) and liver diseases.
