

Mr Nathan White

MBBS PhD FRACS FAOrthA

Orthopaedic Surgeon

Mr Nathan White initially worked as a Physiotherapist before completing his Orthopaedic training locally. Nathan then undertook overseas subspecialty training in all areas of knee surgery and has subspecialty interests and training in complex primary and revision knee arthroplasty, robotic surgery, osteotomy, patellofemoral disorders, and soft tissue knee surgery.

Nathan has written several book chapters with topics including the management of knee injuries in elite soccer, return to play after knee injury, and robotic knee surgery, and he has published several papers in peer reviewed journals. Nathan is a member of several associations including the Australian Knee Society (ASK) European Society of Sports Traumatology, Knee Surgery & Arthroscopy (ESSKA) and the International Society of Arthroscopy, Knee Surgery and Orthopaedic Sports Medicine (ISAKOS).
